Hi all,

Here is a brief agenda/outline for our call tomorrow.

-Introductions (All)

-Summary of Dewey Burdock UIC permit issues and the possible overlap with Subpart W compliance (Scott Jackson)

Ex. 5 Deliberative Process (DP)

-Wrap and next steps, if any (All)

Hi all,

As a follow on to a voicemail that Carl Daly left for Mike Flynn on 12/18/14, we wanted to set up a call with the ORIA folks to discuss Subpart W applicability at the Dewey Burdock ISR facility. Our regional administrator recently met with

PowerTech on issues related to the facility's Underground Injection Control permit application and some questions related to Subpart W have come up as a result.

Scott
